Three Generations of Quality Homes

Dear Customer,

When privileged to build a custom home it is our desire to make the building process as easy and enjoyable as possible for our clients. Building a new home can seem quite overwhelming with the many decisions there are to make. We want to guide you step by step along the way to ensure that you are completely satisfied with your new home.

The first step in this journey is to know the suppliers we work with who furnish materials for our subcontractors. Following is a list of suppliers and the products they furnish so you can visit their showrooms.

*You may purchase our lighting fixtures at any home improvement store if you wish. The cost may be less, but you are then responsible for delivering the lights and bulbs to the home on time and taking care of any returns. It is not possible to purchase plumbing fixtures at a home improvement store since our plumber will not warranty any products he doesn't supply.

** You may choose interior and exterior paint colors from the Benjamin Moore paint swatches we will provide or our painter can match any specific color you desire.

If you have any questions do not hesitate to contact us. Enjoy!
